### Amarillo Wants Canyon Houses

Chamber of Commerce Man Asks All Available Houses and Rooms Be Listed

Joe Cooley, assistant secretary of the Amarillo Chamber of Commerce, was here Monday conferring about the available houses in Canyon. A list of all available houses and rooms is being compiled by Mrs. A. B. Duncan to file with the Amarillo Chamber of Commerce.

Mr. Cooley states that there are more calls for houses than can be supplied by the Amarillo organization.

He urges that all Canyon citizens who have available houses or rooms to have them listed with Mrs. Duncan so they can be on file in his office. Up to the present time the great demand has been for furnished apartments and houses, stated Mr. Cooley. However, permanent officers in the Flying School and officials for the munitions plant are now moving to Amarillo and they desire houses. Many of them have their own furniture.

Mrs. Duncan has found homes for many new people here during the past week. Some Canyon citizens have opened their homes so as to furnish apartments for families who wish to move here and need furnished apartments.

According to Mr. Cooley the demand has not yet reached its peak. It is thought that the demand will greatly increase during the coming month, and the Amarillo Chamber of Commerce is very anxious to place as many families in Canyon as possible to take care of the overflow.

### Lure of West Is Incentive Young Boy Coming Here

Lure of the west was too much for Donald Vincent Maurer, who left his home in Michigan in February to see the west as it really exists. He wanted to see the country where the cowboy lives. The boy was fatally injured by a horse at the Albert Fischbacher ranch 11 miles west of Canyon a week ago Sunday and died at the Nebbett Hospital Wednesday night.

Young Maurer was 15 years of age and had been here for 8 weeks. He mailed his mother post cards with cowboy scenes from Amarillo the day before his injury.

After the accident the boy did not regain consciousness. Sheriff M. E. Cantrell traced the boy through his Social Security card.

Mrs. Gustave M. Geoffray, mother of the boy, and the step-father, arrived Monday from Lincoln Park, Michigan, to claim the body.

The funeral was held at the Baptist Church Tuesday afternoon at 5:30 o'clock, conducted by Dr. Roy L. Johnson, pastor of the church. Interment followed in Dreamland Cemetery in charge of the Griggs-Thompson Funeral Home.

Two brothers, Paul and Richard Maurer, are also survivors.

### Car Stamps Must Be Bought at Once

Have you bought your Federal Car Stamp? If not, better do so at once.

All car owners must have the new \$5 car stamp attached to the windshield or pasted at some other conspicuous place on your car. If a State or Federal officer catches you without this stamp, it will be just too bad.

The new \$5 stamp will carry your vehicle through the next fiscal year ending June 30, 1943.

### Rev. Charles Dickey Is Navy Chaplain

Rev. Charles Dickey, pastor of the Presbyterian Church at Paris, and former pastor of the local church, has been granted a leave of absence so that he could join the navy as Chaplain. Rev. Dickey will be stationed at Norfolk, Va. for eight weeks of training. Mrs. Dickey and girls will visit here with friends during part of the time Mr. Dickey is receiving training.

#### STORK SPECIAL

Mr. and Mrs. Morris Abbott announce the arrival of a baby daughter, born June 25. She was named Sharon Kay.

Mrs. Vester Hill and children of Spearman are visiting in the Worth Jennings home.

## Bond Sales In June Slumped

July Quota is Larger, and County Chairman Urges all Citizens to Buy Limit

Randall county fell down on the sale of War Bonds—and fell down very hard. Only a little more than half of the quota was reached during the month, according to R. H. Wright, county chairman.

The quota for June was \$19,800. The sales amounted to only \$10,268.50. This is a deficit of 9,431.50.

The quota for July is \$26,400. Randall county will have to put forth a much greater effort in order to meet this quota, and the people of Randall county are called upon to do their dead level best in order to put over this increased quota.

## Social Security Number Duplicate Easy to Secure

"Some workers are under the mistaken impression that when a social security account number card is lost a duplicate may be obtained by writing a letter or sending a telegram to the Social Security Board field office from which the number was secured," said Dewey Reed, manager of the Amarillo office of the Social Security Board.

He explained that if a worker wishes a duplicate account number, Form SS-5, which may be secured from a post office or a Social Security Board office, should be completed exactly as the original application with an additional statement that a duplicate number is desired. Reed's statement was made because of requests, particularly telegrams, which have been coming into the office from persons needing duplicate account number cards.

The Form SS-5 is easily completed and need not be mailed to the office from which the number was originally secured since any Social Security field office will take the proper steps for securing the duplicate. It is necessary to have the same information as originally given in order that the worker's account number will not be confused with those of others having the same or similar names.

## Business As Usual In Canyon July 4th Is Verdict

Canyon business houses will remain open all day July 4th.

There is no celebration of the Fourth in this section. However, a number of people are expected to attend the celebrations at Clarendon and Canadian.

With harvest only about half over, business houses believe they will be of greater service to the farmers by remaining open than by taking a holiday.

## Rubber Campaign Is Extended

Large Pile of Old Rubber at Consumers Service Station

RUBBER PILE GROWS daily at Consumers Service Station. More than 35,000 pounds of rubber is stacked at the station. The ornament in the middle is not a flat tire, but Glen McGeahy, co-owner of the business, and manager while the other partner, Ray Cole, serves in Uncle Sam's navy.

## Result Campaign Under Estimate

President Extends Date to July 10 and Urges Citizens To Dig Out Old Rubber

President Roosevelt is disappointed in the result of the rubber campaign. He has continued the nationwide drive until July 10 in order that all citizens make sure that they have turned in all of the rubber possible to their service station.

Something like 60,000 pounds of rubber has been collected in Canyon, according to local service station dealers. The largest pile is at the Consumers Service Station where 35,000 pounds are stacked up. The result of the rubber drive will decide whether or not there will be gasoline rationing, according to word from Washington.

All residents of Randall county are urged to gather up their scrap rubber at once and bring it to the rubber piles in Canyon.

The stations pay 1 cent per pound for this scrap rubber, and the government buys it at 1 1/4 cents per pound. Whatever little profit is made on the deal is being donated to various war relief activities.

## Get Certificate Canning Sugar as Needed Says Clerk

There is still a misunderstanding about canning sugar, states T. S. Stevenson, clerk of the War Price and Rationing Board. "The word went around that canning sugar must be secured this week."

"This rumor is incorrect," states Mr. Stevenson. "Canning sugar will be available for the balance of the summer, and citizens are urged not to call for their certificates until the sugar is needed for canning purposes," states Mr. Stevenson.

Those wishing to secure canning certificates must bring their sugar ration books. Certificates may be secured daily from 9:30 until 5 o'clock, excepting on Mondays and Saturdays.

Cafes, drug stores, eating places must secure their new sugar certificates on or before July 6.

## Absentee Votes May Be Cast for July Primary

Absentee voting will start in Texas on July 5. The first primary will be July 25.

Qualified voters who will not be at home on July 25 may go to the County Clerk's office and cast an absentee vote before they leave home.

Those who are away from home may write to the County Clerk and have a primary ballot mailed to them for voting.

Those who will leave Randall county before July 5 may file a written request to County Clerk A. B. Holt and a ballot will be forwarded after voting starts.

Soldiers will be allowed to vote this year, provided they paid their poll tax. Written requests must come from the men wishing to vote.

It is contemplated that a large number of absentee votes will be cast this year in Randall county.

## Boys' Soft Ball Being Sponsored By Lions Club

The Canyon Lions Club is sponsoring Soft Ball for all boys of Canyon between the ages of 10 to 15 years old. All boys in this age bracket who are interested in the greatest of all sports—soft ball—are asked to meet at 6 o'clock Friday evening at Burton Gym. Members of the Club will direct all work and games of the teams throughout the summer months.

## First Report on Campaign Expenses

The first report on campaign expenses is due and must be filed by all candidates for public office with the County Clerk.

This report must include all expenses of the candidates up to the time of filing.

#### HAS ARM BROKEN

Jay Prichard suffered a broken arm while starting a tractor last week. The machine had been running, but backfired when he tried to start it again.

Miss Lorna Cone will leave Saturday for Fort Collins, Colorado, where she will attend Colorado State this summer. She taught in Nebraska this past year.

## 210 Men Registered Tuesday Large Number Non-Residents

Man-Power of Nation Now Registered; New Men To Serve When 20 Years Old

Randall county registered 210 young men for military service on Tuesday of this week. This was the fifth registration, and probably the last one unless Congress lowers the military age. With this registration complete, the manpower of the nation from 18 to 65 years is registered and a complete record of each man will be available through local Selective Service boards.

Randall county had a rather unusual registration. Of the 210 young men registered, 76 were from other counties. Only 134 lived in the county. It was revealed that the demand for harvest hands had brought large numbers of men into the county.

Whether the county will receive back as large a number of cards as mailed out will not be certain for several days. In past registrations more cards have been received from the outside than have been mailed to other counties. This has been particularly true of Amarillo, where many men have gone to register who live in the north part of the county.

The shower Monday evening made registration an easy thing for this group. Harvest was halted Tuesday morning and the men came to town early. Most of them had registered by the middle of the afternoon.

Men registered Tuesday will be placed at the end of the list of those registered in the third call, and they will become eligible for military service as they reach 20 years of age.

Mrs. Tommie Prichard, clerk of the local board, was in charge of the registration here and wishes to thank those who assisted her in this registration. Several local citizens have assisted in all of the five registrations.

## Fire Department Fights Grass Fire

The fire department was called to the Al Baggett home Tuesday afternoon on account of a grass fire.

With grass becoming so dry, citizens are warned to watch the fire when they are burning trash. Smokers are urged to beware of fire, not throwing out matches or cigarette butts.

Several wheat fields in the north part of the county have been set on fire during the past week because of the continued drought.

## Few Sales Made of Stamps at Noon

A nation-wide effort was made at noon yesterday to sell War Bonds and Stamps. All retail stores devoted 15 minutes, from 12 until 12-15 to the sale of Bonds and Stamps.

That was almost zero hour so far as Canyon was concerned, as few people were on the streets.

All business houses in Canyon are pledged to do their best on the sale of Bonds and Stamps, but the noon period is a poor time in Canyon to catch a crowd.

#### RETURN WITH GOOD CATCH

## Olympic Theatre Makes Changes In Program Schedule

Starting next week, The Olympic Theatre will change its weekly program schedule.

Two big pictures and two bargain pictures will be the weekly policy under the new change. Programs will change on Sunday, Tuesday, Thursday and Saturday.

A big picture will be shown on Saturday at midnight, Sunday and Monday with admission of 11c and 30c.

Tuesday and Wednesday will be bargain days with admission being 11c and 20c. Another big picture will be shown on Thursday and Friday evenings with the admission being the same as the Sunday-Monday schedule.

Saturday will be a bargain day with admission of 11c and 15c. This will feature an action picture with serial and shorts showing both Saturday matinee and night.

The time for the evening shows will continue to start at 7:30 and the Saturday and Sunday matinees will start at 1:30 p. m. For further details regarding the new program see the Olympic ad elsewhere in this paper and the monthly calendars put out by the Olympic.

Mrs. K. E. Frieze has been assisting in the Texas-New Mexico Utilities office at Hereford this week because of the illness of the book-keeper.

## Married Men May Be Called to Army

Clarification Orders on Selective Service Make Few Changes in Status

Selective Service Headquarters at Austin has advised local boards of changes to be made in the classification of men subject to military service. These changes conform to the new regulations of Selective Service as authorized in a bill approved last week by President Roosevelt.

Local boards were directed last week to halt the induction of married men until new regulations could be issued. Boards who have no single men available for military service are now directed to send married men. Wives will receive \$50 per month, with \$10 per month for each child. \$22 per month will be deducted from the pay of the man, but he will still have \$28 per month for his own use.

A telegram received Saturday states, "That regardless of the establishment of the four categories, you must meet all calls placed on your board."

The four categories follow:  
1. Men with no dependents and no family relationship.  
2. Men with no family relationship but with persons financially dependent upon them.  
3. Men married before Dec. 8, 1941, who have no children but who do have wives with whom they maintain a bonafide family relationship.  
4. Men married before Dec. 8, 1941, who with their wives and children, or children alone have a bonafide family relationship.  
With this new arrangement of categories, local boards must review all registrants and re-arrange men according to new classifications.

## Regulations on Credit Effective on July 10th

The new government credit regulations will be put in force this month. Under the new law charges made during May or prior to that time must be paid by July 10, or credit can no longer be extended.

The News has printed authentic stickers which may be placed on statements of those whose accounts are not conforming to the new law. These stickers are available to all business firms for use this month or for future use.

## Additional Donors To Cemetery Fund

Others who have donated to the drive for funds to clean Dreamland Cemetery since last week are: Mrs. I. N. Hix, Mrs. Hazel Meyers of Tulsa, Hosea Foster and Harvey Cash, each \$1.00; and C. R. Burrow \$2.50. Mr. Cash's donation was in addition to a previous contribution that he made.

#### JOIN HUSBANDS

Mrs. Al Baggett and Mrs. Leslie Van Meter left Saturday for Miami, Florida, where they join Mr. Baggett and Mr. Van Meter, who have volunteered in the army.

Both men are coaches of West Texas State and are connected with the physical education program.

## 1942 Rainfall Is Light Here; Only Showers in June

Randall county has had about the lightest rainfall of any section of the Plains this year. Some parts of the country have had sufficient rain, but Canyon registers only 5.80 inches for the year.

A light rain of .26 of an inch fell Monday evening. This brought the total up to .99 of an inch for the month of June.

While this kind of weather is fine for wheat harvest, the situation is becoming alarming for stockmen. Little row crop has been planted. Grass is getting short, and ranges which have been overstocked are suffering.

According to reports, heavy rains have fallen almost weekly over both the north and south plains section of the Panhandle.

Another light shower of .16 of an inch fell yesterday afternoon. Harvest will be held up again this morning.

## Clarence (Bill) Cone Gets Commission

It is now Lieut. Clarence Cone. Clarence (Bill) Cone received his commission as 2nd Lieut. at Miami Beach, Fla., last week where he attended the Officers Training School in Aviation.

He will go to Barksdale Field, La., next week to serve in the administrative branch.

### CUSSING ENGLAND

When Tobruk fell last week, we felt like joining the anvil chorus and putting in our little cuss against our ally, the British Empire. And then we stopped and thought a minute. The longer we thought, the less inclined we were to cuss our Allies.

We wondered what would have happened to the United States if Britain had fallen after the Germans marched triumphantly thru France to the English Channel? If the Channel had been crossed, and England taken, by this time we would have been fighting Germany on American soil.

For a long time we were fed on the hokus that our two great oceans would save us. This has proven false.

And then, we thought that the Germans had no design upon us—just wanted to whip England and call it a day. If this were so, the Japs knocked out any such foolish hope when they attacked Pearl Harbor, run us out of the Philippines, took nearly all of the great productive islands of the Pacific, and now are knocking at our door in Alaska. The Japs did the attacking. Whether the attack was made by orders of Hitler, or whether the Japs took advantage of our weakness as we sought to help our Allies make little difference. The fact remains the same that we were thrown into a defensive war—and a victory is never won by continuing on the defensive.

So far England has lost much—nearly every battle. Critics of England are pouring it on. They forget that up to the present time we have also lost nearly every battle, and have virtually been run out of every position the Japs have sought to take. England was forced into the war while unprepared and suffered heavy losses trying to build a war machine. Critics overlook the fact that we have been unhampered by fighting a disastrous war, and yet we are just getting our military machine in action in spite of the forewarning Hitler gave us of the medicine he intended for us in the future. It has taken us a long time to even get started tuning up for war, in spite of the warning President Roosevelt gave us. Then why cuss the British because they have been unable to build an offensive war machine and at the same time defend themselves from a foe which had seven years' start in building for war? Have we done any better? Don't forget that we were shipping millions of tons of iron, oil and other war supplies to

the Japs in spite of the warning of China, Russia and even some of our statesmen. Don't you think this was pretty foolish in face of the developments of the past six months?

There is no sense in crying about what has happened in the past. The mistakes have been plenty, both British and American. If we profit by these mistakes, good and well; if we continue making mistakes, the United Nations are going to be whipped, and all of us will be slaves to Hitler and the Japs.

Drug store military experts will not save the day. Its all right to criticize, but let's not direct it all at England. The English people thrive on criticism. Maybe Churchill is not as big a man as he should be; Parliament has this to decide. Maybe Roosevelt is not doing as good a job as he should; the people of the United States have this to decide, but so far no other man has appeared who could apparently do a better job. Maybe both Churchill and Roosevelt have been given too great powers, and are trying personally to carry too much of the war burden. Both England and the United States have drifted into almost dictatorship, but not quite. The people are still in the saddle, and can soon clip the powers of their leaders if such a thing becomes necessary.

Until we are sure and certain that terrible and inexcusable mistakes are being made, let's put up our axes and stop joining our enemies in hammering at our Allies.

### DRAFT CLARIFICATION

There has been considerable misunderstanding of orders given local Selective Service Boards last week. A temporary stop was ordered in the induction of married men until a plan could be worked out for the enactment of the dependency provision of the new law. Before the newspapers had printed the original order, steps were taken in Washington to continue the induction of married men when local boards deemed it necessary. And by Saturday telegrams were sent all local boards pointing to the necessity of every board filling every call for men.

We are in a total, devastating war. If we lose this war, we shall no longer have use for an army or navy—the Germans and Japs will be running the world. In order to win, we must have a big army, and the men of the United States must furnish our part of the manpower to run the tanks, planes and guns which we are building.

It is very evident that every single man in the United States who is not considered a necessary man in the war program will be under arms before many months. It is further evident that married men—thousands of them—will be called up for military service. We are just getting started in building a war machine which will be necessary to whip the Germans and Japs.

Selective Service issued the new order so that local boards would have a better idea how men should be classified. The order was not intended as a prediction that the war was so nearly over that soldiers would no longer be needed. As a matter of fact, the United States has hardly started to fight. The facts are that we have lost more battles with the Japs than ever before in our national history.

This war is serious. It is growing more serious every day. We must have men for our army and navy before it is too late. Fighting is a man's job, and therefore men must be secured to fill the many places in our armed forces.

OPA is not getting along so well. Henderson has asked for 90,000 investigators to see that the price structure is maintained. These would be snoopers who went about the country investigating prices and trying to keep them in line. So far Congress has refused to pass

this appropriation. The whole price ceiling business will fall unless Congress and the administration are willing to follow Henderson. He demanded that ceilings be placed on both raw materials and on labor. Congress balked at the ceiling prices on commodities, and the administration allows labor prices to run rampant. After all, the war has not eliminated the greatest factor of controlling prices—competition. Ceiling prices on some articles are not the same in every business house; but no merchant with a high ceiling would expect to sell a great volume of any item in competition with a competitor who had a low ceiling. The power of competition can beat any law of Congress when it comes to regulating prices. But the fact must not be forgotten that so long as Congress refuses to control prices of materials, and the administration refuses to put a ceiling on labor, prices will continue going up. No manufacturer is going broke manufacturing goods below cost of material and labor, and no retailer can long stay in business if he is forced to sell goods below his wholesale cost.

Summer time is on, and radio stations of Amarillo are trying to make up the loss of national advertising by working the country towns for advertising. When national advertisers quit because summer time is poor for radio advertising, how do country merchants hope to receive any good from money spent in radio announcements? The tragedy is that most country merchants have only a limited amount of money for advertising. When they pay high prices for so-called advertising over the radio in a period that is admitted to be useless to national firms, such money is taken away from their local newspaper. The local newspaper is on the job 12 months every year and is getting results for local business houses. Why should local business men trade the certain for something entirely uncertain? The wise merchant refuses to be sucked into such schemes—originated for the purpose of making big city institutions larger at the expense of local institutions.

The Punch and Judy show—O'Daniel and Collins—continues the merry trip over the state, burning up rubber in spite of the fact that our government needs rubber for munitions. O'Daniel expresses surprise that he has opponents, while laxative salesman Collins charges Governor Stevenson with being in cahoots with the liquor and horse racing gang. (You understand Collins owns a big hotel in Mineral Wells where liquor is sold). When he made his daily charge at San Marcos, a Methodist pastor challenged Collins' statement and the laxative salesman rushed at the preacher. The preacher held his ground, and the comedians traveling with Collins "stopped" their infuriated leader. The crowd threatened to tear up the speaker's platform. Collins has not learned to stick to the truth in his campaign statements.

Farmers complain that the millers and big elevators are not treating them right in handling the wheat crop. The News does not profess to know a cockeyed thing about the storage difficulty. There is a big carry-over of wheat, which is said to tax the capacity of the big elevators; the 1942 wheat crop is larger than expected; the millers and big storage elevator men are human, and naturally want to make all the money they can. The farmers are caught in a predicament, and the small country elevators are not in position to help them out. Every farmer built all of the storage he felt able to finance, but the best was not good enough this year. Maybe the millers are reaping a golden harvest, and maybe they are only protecting their own interests. Who knows?

We have been reading and hearing a lot about synthetic rubber. It is usually termed as an expensive process, with many griefs in store for those engaging in the business. One commentator says that synthetic rubber is as easy to process as boiling potatoes—if you have the materials. Yes, indeed, whipping the Japs and Germans is an easy task when the United Nations get there with superior manpower, planes, ships and guns. But so far we have had too little. Perhaps that is the same story about rubber; too little of right kind of materials.

The rubber campaign has been extended to July 10. It is said that the President is greatly disappointed at the results. The amount of salvaged rubber is far under expectations. All of this adds up that if the rubber stock is not built up to a point of taking care of munitions building, there shall be national rationing of gasoline. In spite of the great surplus of oil and gasoline in the Southwest, we shall be forced to gasoline rationing in order to save the precious rubber supply. If you have not turned in your old rubber stock, do so today.

The names of 11 candidates for Railroad Commissioner will be on the primary ballot. Jerry Sadler is still trying to recall his resignation, and this question has not been passed by the courts.

Beware of racketeers going over the country with all sorts of schemes. These fellows operate where there is plenty of money. The big wheat crop is attracting them to the Panhandle. Stay with your home merchant for the things

### IT DIDN'T GET AWAY

Prof. C. A. Murray has been telling, animatedly, an interesting fish story which seems to be fully corroborated. Fishing at the Country Club, he dropped a fat worm in the creek near the clubhouse. Something took the worm, and hook, but nothing happened until the professor tightened the line. Then the fish "exploded." It was a fat, flat brim, weighing more than a pound. It was said by another faculty expert of the rod and reel, Dr. S. H. Condon, to be one of the biggest specimens of the kind taken from the club's waters.

## Marcelete Reid Marries Lt. Geo. W. Lee, Jr.

Mr. and Mrs. J. W. "Ted" Reid of Dumas are announcing the marriage of their daughter, Marcelete, to Lieutenant George W. Lee, Jr., son of Mrs. Ira Lee of Silverton. The couple was married in Westover Chapel, Westover, Mass., Saturday, June 20.

The bride wore a blue suit with white accessories. Mrs. Lee was valedictorian of her high school graduating class at Dumas and received her degree from West Texas State College in 1942, where she was a member of Pi Omega sorority. She has been serving as an air hostess for the last six months.

Lieut. Lee is a graduate of Silverton High School. He attended Sul Ross State Teachers College at Alpine before volunteering for the armed services. He volunteered in April, 1941, and was commissioned a second lieutenant in the U. S. Army Air Forces December 12.

The couple will be at home at Westover Field, Westover, Mass.

## Gloria Stanley and Austin Wiggins Vows Said in Amarillo

Miss Gloria Stanley, daughter of Mr. and Mrs. G. L. Stanley of Shamrock and Lieut. Austin Wiggins, son of Mr. and Mrs. Austin Wiggins of Amherst, were married at 2:15 p. m. Tuesday, June 23, at the Polk Street Methodist Church in Amarillo. The Rev. Earl G. Hamlett officiated at the single ring ceremony.

Mrs. Wiggins was attended by Miss Muriel Paye Phegley of Lockney and Miss Hallie Nell Sligar of Canyon.

The bride wore a brown and white linen dress with white accessories. Her corsage was of brown orchids.

Mrs. Wiggins was graduated from Shamrock High School and had finished her sophomore year at West Texas State College. She was a member of Delta Zeta Chi sorority.

Lieut. Wiggins attended Amherst High School and received his B. S. degree from West Texas State in 1941. He was a member of the varsity football squad and was president of the "T" club.

The couple will leave Saturday for San Diego, Calif., where Lieut. Wiggins will complete his officers training. He enlisted in the United States Marines.

## MARION HIGDON'S HOSTS TO "42" DINNER PARTY

Mr. and Mrs. Marion Higdon entertained for the "42" Dinner Club Friday evening at their home on Seventh Avenue.

Sweet peas were used for the center of the dining table from which the dinner was served buffet style.

Members present were Mr. and Mrs. Bob Black, Mr. and Mrs. Worth Jennings, Jr., Mr. and Mrs. Olin Huff, Mr. and Mrs. T. E. Allen, Mr. and Mrs. Morris Small, Mrs. Clay Cooper, Mrs. Kermit Schramm, the host and hostess; and special guests were Mr. and Mrs. Sherman Higdon.

## MR. AND MRS. EARL ROBERTS ARE SHOWER HONOREES

A miscellaneous shower Saturday night honoring Mr. and Mrs. Earl E. Roberts was a gala affair at the home of Miss Pat Holland at which Miss Holland and Mrs. A. C. Nicholson were joint hostesses.

All the guests had arrived when Mr. and Mrs. Roberts were invited to the entertaining rooms where little Carolyn Davis and Billy Duane Moore, dressed as a bride and bridegroom, entered, pulling a cart laden with gifts for the honored pair.

Refreshments of cake and punch were served with the color scheme being in keeping with the patriotic motif.

Present were Mr. and Mrs. M. F. Bewley, Mr. and Mrs. Holtzclaw, Rev. and Mrs. Phelps and children, Mrs. Augusta Hancock, Mrs. J. J. Douglas, Mrs. Wilburn Davis, Carolyn and Marilyn Davis, Miss Peggy LaLoge, John F. Taylor and Doss Holland, Billy Moore, the honorees and the two hostesses.

Mrs. J. S. Harrison, unable to attend, sent a gift.

"Now, John," said the teacher, "if your father can hang the curtains in one hour, and your mother can also hang them in one hour, how long would it take for them to do it together?"

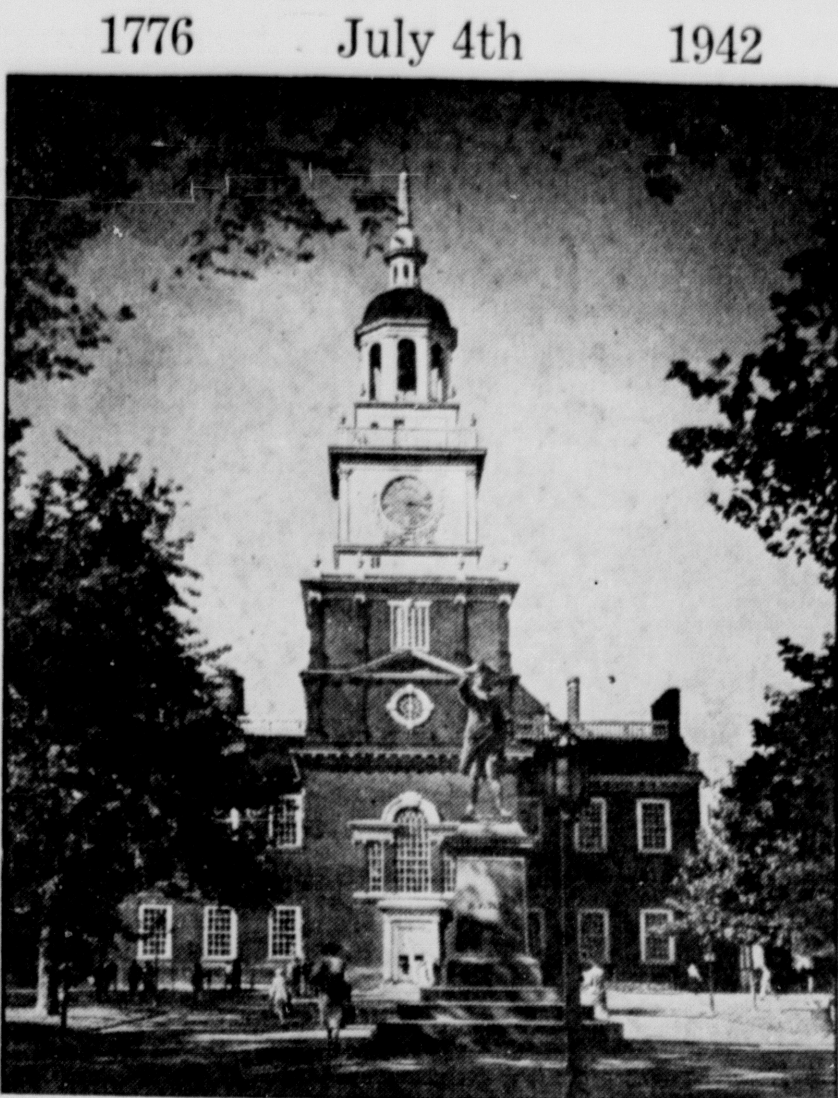

"Two hours," John replied, "including the time they would use in arguing."

### Two Socials Compliment Miss Polly Cluck In Pre-Nuptial Courtesies

Miss Natalie Flesher assisted by her mother, Mrs. C. R. Flesher, was hostess at a lingerie shower Tuesday evening honoring Miss Polly Cluck, who will become the bride of Ansel Powell of Amarillo on July 3.

Receiving were Mrs. Flesher, Mrs. B. B. Cluck, mother of the honoree, Miss Cluck and Mrs. James Powell, mother of the bridegroom to be.

Mrs. Olin Huff presided at the bride's book during the evening.

The tea table and all appointments for the affair were in keeping with the bride-elect's chosen colors of blue and white. Garden flowers were used to center the lace covered table with blue and white tapers in crystal holders placed at either end. Miss Mary Ann Baird of Hereford and Miss Helen Whiteside presided at the punch bowl at intervals during the evening.

The gifts had been previously opened and were on display.

The guest list included Mrs. Huff,

Mrs. J. M. Craig, Mrs. Alvin McDonald, Mrs. Frank R. Phillips, Mrs. H. O. Price, Mrs. Roy Leavitt, Mrs. Alfred Bellah, Mrs. John Davis, Mrs. W. J. Wooten, Mrs. Clyde McElroy, Mrs. E. D. Harrell, Mrs. T. A. Black, Mrs. Tin Hardman, Mrs. Claude Moore, Mrs. C. H. Jarrett, Mrs. Dee Martin, Mrs. C. P. Overton, Mrs. Harris M. Cook, Mrs. John A. Gillis, Mrs. L. E. Cluck, and Misses Dorothy and Juanita Anderson, Betty Jo Baber, Natalie Flesher, the honoree and the hostess.

#### MRS. JULIA GANO HONORED WEDNESDAY ON BIRTHDAY

Mrs. Julia Gano was honored on her birthday Wednesday by her niece, Mrs. H. C. Roffey at their home on Sixth Avenue.

Open house was held all day in order that each invited guest could have the opportunity of visiting with Mrs. Gano alone for a few minutes, without tiring the honoree, who has been confined to her room for several years.

Punch and wafers were served those who called at intervals throughout the day as follows: Mrs. W. E. Lockhart, Mrs. Sam Jones, Mrs. Virgil Briscoe, Mrs. T. W. Ziegler, Mrs. Warren, Mrs. E. Burroughs, Mrs. Ed Gerald, Mrs. Bertha Matlock, Mrs. T. S. Stevenson, Mrs. J. L. Hefner, Mrs. Tommie Montfort and her niece, Mrs. Levi Cole, Mrs. Cecil Bible, Mrs. Bertie Strain, Mrs. Montgomery and children, Mrs. R. E. Foster, Mrs. L. J. McGehee, Mrs. Charlie Harter, and Miss Bell Schramm.

#### MRS. CLYDE McELROY IS CLUB HOSTESS WEDNESDAY

Summer flowers were used in attractive ways by Mrs. Clyde McElroy when she entertained the Priscilla Needle Club at her home on Fifth Avenue Wednesday afternoon.

Following the period that hand work made up the diversion the hostess served a dessert course with punch to Mrs. Hud Prichard, Mrs. C. M. Presley, Mrs. J. J. Walker, Mrs. Ray McReynolds, Mrs. R. E. Ball, Mrs. Ernest Brown, Mrs. S. B. Louder, Mrs. Frank Hicks, Mrs. J. B. Speer, Mrs. Alfred Bellah, Mrs. J. L. Dufflot, Mrs. G. A. Farlow, Mrs. J. Madison Daugherty and Mrs. C. M. Dowlen, special guest.

### Miss Jerri Dromgoole and Lieutenant Meredith Warren Wed Monday Eve

MRS. A. MEREDITH WARREN

Seven-tiered cathedral candelabra with white candles, placed at either side of the large mantle, which was banked with shasta daisies and babies' breath, marked the improvised altar before which Miss Jerri Dromgoole and Lieutenant A. Meredith Warren exchanged wedding vows Monday evening at 9:30 o'clock in the W. A. Warren home at 2011 Third Avenue. A large mirror over the mantle reflected the exquisite scene in its entirety. The soft glow of the candles furnished the only light for the occasion.

The single-ring ceremony was read by the Reverend Joseph Findley, pastor of the First Christian Church of Canyon.

The couple, unattended, descended the circular stairway to the strains of Mendelssohn's Wedding March played by Miss Martha Frances Campbell at the Steinway grand piano. "Liebestraum" by Liszt was played softly during the nuptials.

The bride was beautiful in a street length dress of white and brown with accessories to correspond. Her corsage was of white rose buds, carnations and babies' breath.

Attending the wedding were Mr. and Mrs. Henry Dromgoole and daughter, Betty Lou of Dalhart, parents and sister of the bride; Mr. and Mrs. Jack Joutte, Miss Campbell, K. E. Frieze and Mr. and Mrs. Warren and Bernard, parents and brother of the bridegroom.

### Food for Victory Under FSA Gets Wide Praise

Texas' low-income farm families have increased their annual net income by 103 per cent and have more than doubled food production for their own use since receiving rehabilitation loans from the U. S. Department of Agriculture, according to information received by John T. Stovall, Farm Security Administration supervisor in Randall County.

The gains registered by Texas' farm families were above the national increase of more than one-quarter million FSA borrower families.

Mr. Stovall's information came to him in a report by C. B. Baldwin, Farm Security Administrator, which was prepared for Secretary of Agriculture Claude R. Wickard.

Pointing out that these increases are particularly significant as a contribution to Food for Freedom, the FSA administrator told Secretary Wickard these gains "support in a striking manner your recent statement that on all these small farms with their supply of home labor lies a real opportunity today for a high percentage increase in war time production."

"This family progress report," said Mr. Stovall, "shows greater increases than in any previous year of FSA operation. This proves the willingness and ability of low-income farm people, when properly assisted, to do their share toward meeting the nation's food goals."

The Texas phase of the national report shows that the annual value of home-used production per family had increased from \$166 to \$378, or 128 per cent since farmers in this state first received help.

Texas FSA borrower-families increased their annual net incomes an average of 103 per cent, from \$470 to \$953, during the time they received assistance. They increased the amount of fruits and vegetables canned by 127 per cent, from 121 quarts in the year before they got loans to 275 quarts per family in 1941. They increased their milk production for home use from 233 to 457 pounds or 96 per cent. Last year, they stated, in addition, 18 bushels per family in fruits and vegetables and produced and used 143 dozen eggs and 11 gallons of lard for the average family.

Since Pearl Harbor even greater emphasis has been put on food production and loan requirements have been broadened by the FSA to enable a large number of eligible farm families to contribute to the food production goals.

Mr. Stovall said the administrator had instructed Texas Farm Security officials to expand the community and cooperative services program to enable small farmers to make maximum use of available machinery and tools and also to develop facilities through which their increased food production can flow readily to centers of distribution.

The FSA office in Canyon is located in the County Court House.

Harry Allen of Takoma, Washington visited his brother, T. E. Allen, Friday.

Dallas News Editor Holds Trophy

DR. J. J. TAYLOR, editor of the Dallas Morning News, holding the trophy which was awarded The Canyon News for the best all-around newspaper in Texas. Dr. Taylor writes Clyde Warwick: "I am glad you won the trophy at Waco. Now see if you can work a little harder to get out a still better newspaper. Of course it gets hot out on the plains at this time of year and you are disposed to loaf. My suggestion is that you work harder in order to justify the trophy you won."

Palo Duro News

Mrs. Walter Boehning and Mrs. Leonard Boehning have returned home from a visit in Gainesville. Mrs. Arthur Albers and children visited in the E. H. Albers and Henry F. Miller homes Thursday afternoon. Mr. and Mrs. John E. Albers, Mr. and Mrs. Henry Meyer and Margaret, Mr. and Mrs. E. H. Albers, Mr. and Mrs. Gene Root and Mrs. Lester Chillicothe of Wisner, Nebr., spent Sunday afternoon in the George Albers home. Mrs. Henry Von Seggern of California spent Sunday in the George Albers home. Members of the Walther League enjoyed a picnic at the Six-Mile Crossing Friday night. Miss Louise Tucek spent the week end in the G. H. Leseberg home. Mr. and Mrs. T. S. Maxwell were in Dallas Saturday through Wednesday attending the Gift Show there. Bo Hollis is working at the Consumer's Service Station.

Link Challenges District Judges

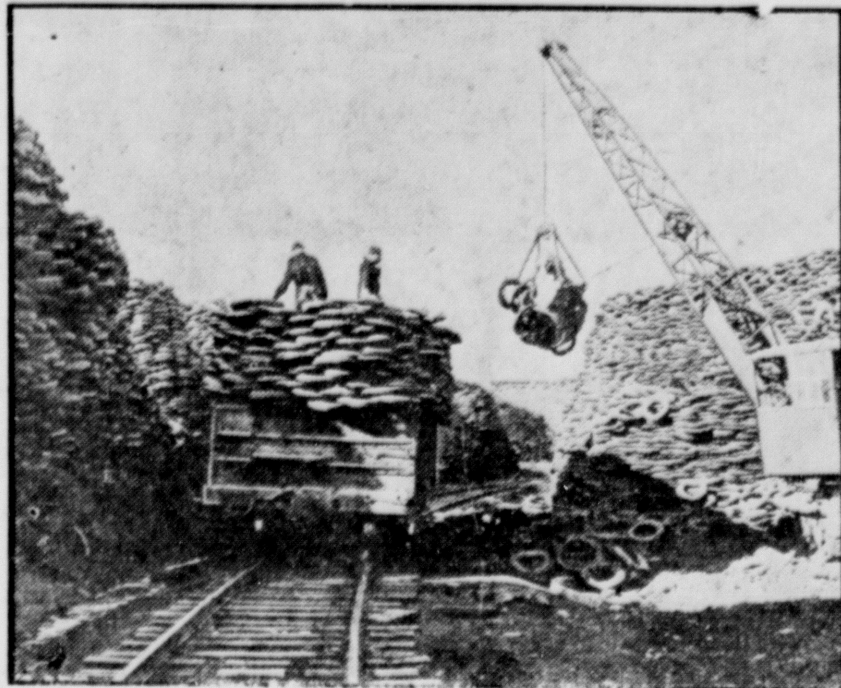

W. T. Link of Clarendon charges that two district judges are drawing \$17 per day each while campaigning for Chief Justice of the Court of Civil Appeals. He calls upon Judge E. C. Nelson and Judge E. L. Pitts to resign their offices in order to run for the office they seek. Mrs. Ancil Shewbert of Dalhart visited here from Saturday through Tuesday with her mother, Mrs. Mary Burtz. Mrs. Carl Tindle and son of Stinnett are spending two weeks with her parents, Mr. and Mrs. O. M. Solomon. Mrs. L. W. Gilley of Denver arrived this morning to visit her sisters, Mrs. W. H. McAtee and Mrs. L. E. Thomas. Joy Jones of Dallas is spending this week with Fannie Alice Pierce. Do your Shopping in Canyon!

New Officers Are Installed Tuesday By Rotary Club

President Floyd Savage was in charge of the program of the Rotary Club Tuesday, installing the new officers to serve during the coming year. Music was furnished by Mr. and Mrs. Houston Bright. Mrs. Bright played a group of piano solos, and Mr. Bright sang a group of solos, accompanied at the piano by Mrs. Bright. The Club is meeting today with the Lions Club. No meeting of the Rotary Club will be held next Tuesday. Dr. A. M. Meyer called attention to the educational bill in Congress and asked citizens to write to their Congressmen to support the measure. It is an equalization measure to assist communities and states which need more money for education. The bill would give Texas \$1432 per capita for children of scholastic age. It would mean \$16,754.40 for the schools of Randall county. Mr. Savage reviewed the work of the club during the past year. He praised the spirit of Service Clubs. Such clubs are necessary in time of war to keep up the morale of the people. Millions of young men are being called into the armed forces. It is the job of the older people to hold together the institutions at home so that these men will have something worthwhile to come back to after the war. Officers installed for the coming year were: President, Marion Bishir. Vice President, Lee Johnson. Secretary, Boone McClure. Directors: Lester Sheffy, Stuart Condon, Guy Harp, Floyd Savage. Visitors were: John McCarty, Horace Griggs and Jim Oaks, all of Amarillo; Stout Jackson of Robstown.

Genius inspires his thirst for fame; there is no blessing undesired by those to whom Heaven gave the means of winning it.—Madame De Staël. Floating Gently Down the Stream

An infantry detachment stationed at Newport News, Va., solves the problem of getting equipment across a stream in dry condition by removing tarpaulins from their trucks and building their own boats. Everything from complete equipment for two soldiers to full equipment of an Army field kitchen can be taken across in this manner. Here a jeep floats merrily across the stream with the driver still at the wheel.

## CPT Program Much Changed

Age Limits Extended  
—Men to Be Enlisted  
Under Reserve Plan

A drastically revised Civilian Pilot Training program which will be launched at once by West Texas State College will include provisions for furnishing board, lodging, transportation, and insurance to trainees. Applications are being taken by Dean R. P. Jarrett.

Under the new plan, the training will produce flight instructors, service pilots, and material for highly specialized personnel needed to maintain the nation's vast system of military training and air transportation lines. Eligible men may be between the ages of 18 and 37 years in three categories. One group includes those between 18 and 27 years of age, one those 27 to 37 years of age, and the others are those, regardless of age, who have had flight experience. The latter will be given a check flight to determine their eligibility for an advanced course in flying.

### Jones to Give Tests

Applicants will be given a mental test similar to that used by the Army. Those who pass this test will then be given physical examinations. Prof. Mitchell Jones will give the mental tests, then the papers will be graded at Rochester, N. Y. Results will be telegraphed to Dean Jarrett, the coordinator of college aviation courses.

Applications for enlistment will be taken by Dean Jarrett. When the mental and physical tests are passed, certificates of acceptance will be issued. This certificate will then be taken to the Amarillo recruiting station, where the young men will be enlisted in the Air Corps Reserve. Flight and ground training will then be authorized.

To cover expenses for the trainees' board, lodging, and transportation the Government will pay the college \$100 for each man who completes a CPT course. The ground instruction to be furnished by the College will include 240 hours of instruction, including 26 clock hours of mathematics, 20 hours of physics, 20 hours of civil air regulations, 36 hours of navigation, 10 hours of aircraft service and operation, 22 hours of radio code, 58 hours of military and physical training, 12 hours of aircraft identification, 12 hours of military science and discipline, and 24 hours of meteorology. A secondary course which will follow this one likewise will include 240 hours of advanced instruction in these subjects. A trainee who fails on the final written examination may be re-examined after a period of additional instruction.

### Navy Cooperating

Under the new program, the Navy will cooperate by making this CAA training available to enlisted reservists and the Army will use the courses to train instructors, glider pilots, co-pilots, and liaison and service pilots. The courses will be available to applicants for Army aviation cadet training who failed to meet the stringent physical requirements of the Army for combat pilots. The new courses will be on a full-time basis, lasting eight weeks, with subsistence and health and accident insurance provided. About half of the trainees will be given courses lasting a total of 24 to 40 weeks to make them eligible for jobs as civilian instructors, ser-

vice pilots, or airline co-pilots. New classes will start each eight weeks. Flight training to be given at the same time presumably will be directed by the Amarillo Air Service at the college's airport.

## Highland News

Harvest began in this community last week and is now in full swing. Wheat not damaged by hail is turning out between 20 and 30 bushels per acre. The biggest yield of the Wildorado vicinity was made by Leon Tidwell which is reported to have made 40 bushels per acre in a 200-acre field.

Henry Batenhorst was taken to St. Anthony's Hospital in Amarillo last Monday and was operated upon. He is reported to be getting along nicely.

Mrs. Carl Fuqua called on Mrs. Alma Moore and Mrs. Jim Gouldy last Friday afternoon.

Mrs. G. L. Webb and baby of Dallas arrived Friday evening to spend several weeks with her parents, Mr. and Mrs. H. H. Elam.

Mr. and Mrs. E. C. Paxton visited at the Fuqua home Saturday evening.

The Highland H. D. Club will meet with Mrs. Sweet next Tuesday, July 7.

## Wayside Items

A fair crowd out for Sunday School, after which Rev. Loyd Garrison delivered a good sermon.

Our union revival is to begin July 19. Rev. Mitchell, the Methodist pastor at Claude will do the preaching. The name of the singer will be announced later.

The district superintendent advises the Methodist Church that we will have a new preacher and will be with us for the first time July 19.

Mr. and Mrs. J. M. Malone of Amarillo spent the week end in the J. R. Stockett home.

Kenneth Knox and family, also Jimmie Knox, John Knox's son, of California spent last week in this community visiting relatives.

Leon Fisher and family who spent the winter in California, are back home on their farm near Wayside. We welcome this family back in our midst.

Mr. and Mrs. John Patterson, also W. R. Franklin made a trip to Happy, Canyon and Amarillo last Friday.

Mrs. Othello McGehee has lately made a two weeks' visit to relatives at Stephenville and Fort Worth. Wheat harvest is well underway though some fields are not ripe enough yet to cut.

## Pleasantview

Everyone is busy with harvest now. The small grain is making an extra good yield this year.

Neil Louder called in the Rayford Louder home Saturday night. Misses Mary Beth Smith and Bonnie Lee King from Alvord spent the week visiting in the Jim Spencer home.

Mr. and Mrs. Gene Root and sons spent last week visiting in the Henry Meyer home.

Mr. and Mrs. A. B. Haynes visited in the T. M. Moore home Sunday. Mrs. H. G. Tucker from Carlsbad, N. M. visited in the Earl Burtz home Wednesday evening.

Mr. and Mrs. McDonald and daughter, Maxine, from Plemons, spent this week end in the Jim Spencer home.

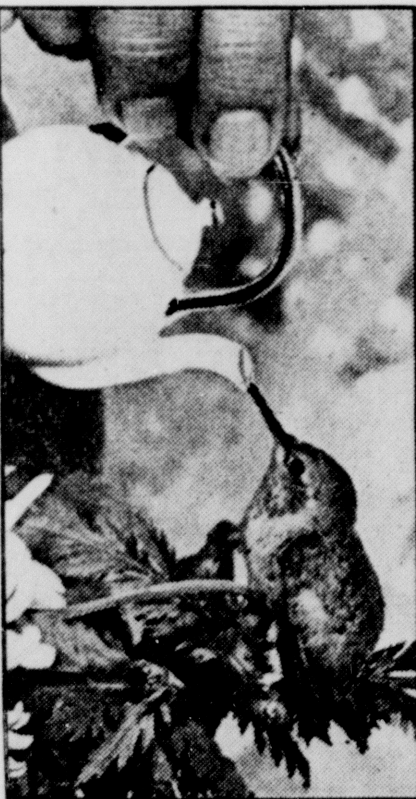

Mrs. T. M. Moore called in the Frank Brown home Sunday morning.

Mr. and Mrs. Roy Wall and family called in the John Wallen home Sunday afternoon.

Archie Lipe from Oklahoma is visiting in the parental Lipe home this week.

## Baby Pipsqueak Is Doing Fine

One of the most difficult tasks ever attempted by a bird fancier is that of raising a hummingbird. Mrs. G. Tomby, Seattle, Wash., built artificial bird nests and perches, gave flying lessons, gathered spiders, chased insects, and did a host of other tasks to raise Baby Pipsqueak. He is fed a special formula 45 times a day, and squeaks a loud complaint when he isn't fed on time. Bird experts are amazed at Baby Pipsqueak's progress.

### Navy Needs Binoculars on New Ships

If you have regulation binoculars, the navy wants to rent them for the duration of the war. However only 6x33 and 7x50 binoculars, manufactured by either Zeiss or Bausch & Lomb are acceptable.

Citizens having regulation glasses are urged to write to the Naval Observatory, Washington, D. C., giving description of their glasses. The navy will pay \$1 for the use of the glasses during the war, and will return them to the owner at the end of the war.

W. J. Wooten and Chas. Donnell were business callers in Dallas over the week end.
